THE BEHRING SEA QUESTION Canadian Scal Poschers Alarmed at the Prospect of Its Settlement OTTAWA Ont March 4-The persis-

tent uniformity of the reports from Washington and Ottawa respecting the hasis of settlement adopted in the Beh ring Sea question have begun to impress people here with a conviction that these resterated statements are substantially The House of Lords was crowded with Tory of thore's last evening to hear true. Our citizens whose capital or in dustry is invested in the far seal fisher; are naturally uneasy under the prospect; of an early custailment of their means of income of inclinood. The projected India must a 1 though the Premiers expanation was of the sort that did not close season for fur seals must necessarily cover the very period of each year during which the fishery can most in essait elerring from his political. profitably and naturally be prosecuted the Heise of Commons in support of the position a umel | Mr. I abouchero and If the impending treaty is to take the form indicated in the public prints of Canada and the United States it is the list of the assertions of the assertions of the Conservatives as voiced by the hard to foresee how any lawful fishery of seals in Bearing Sea is to be carried on by others than the lesses of the American and Russi in seal islands after the treaty shall have gone into operation. This is a serio is matter for the small capitalists and hardy hungers, who have heretofore shared with the 11 h lessees in the profits of scal catching With regard to the approaching sen

Son they have not much anxiety as they do not expect it to be found practicable to put the contemplated presentise was then become was cognizant of the measures in operation in time to interfere with this year's catch and they look for an unusually good market fin their takings by reason of the reduction of the number of seals to be killed this year at the Pribylov Islands t 60 000, which will leave a deficiency | f | 40 000 Skins in the customary supply, and so create livel, demand for boached' skins at an enhanced price This demand our seal hunters pro-

proposed for membership in the Athepose to meet so fit as they can in part neun clul in Pill Mill in organization compensation for their anticipated pix vation. It is therefore likely that there and marks of a little He was just been full tolder with the result that will be lively times in Behring Seance Summer and Secretary Windom's rev that his proposers have felt impried to an logar or layer resented his onue cutters will have to b abiquitous af they are going to Interfere scriously with the grand final act of spoliation of the seal. There are some who question exp a delr which his amuse! This ratios a second state of the period of the first of the period of the first of the period of the first of the period of the at Washington If they do not take cure PITTIN Mr. 1.4 It is reperted that that the detested revenue cutters are hauled off while the new international the Import pulling it the council dinn i Saturday is non-referred to arrangement is being set on its feet. It seems it is smalle to presume that all those matters of detail will recoive due and timely ittention and be settled be tween 5c rotary Blaine and Sir Julian Pauncefoli, in connection with the larger in Uncomment management for a could not profit the United States to go on cipti ring vessels and catches for which they would have to pay in damages shortly afterward

GLOOMY PREDICTIONS

trouble and disastrous consequences next inevitally follow the present

flood. He has explained his views be fore a meeting of the American Acad emy of Science and has croused onsiderable consternation. He says the Mississippiniver is garged for six landred miles from Helen. Ask to the head of the passes below New Orleans Hessys these obstructions which me in the form of jetties etc. built at a cost of 10wid the channel and thus caused the deposit of sediment ate which obstruct the discharge of the flood waters He claims that the methods of the Mississippi fiver Commission have been unsound and based on enormous princitles of inter hydrau ics. He says the condition at New Orleans is not generally understood by the people and Congress should appoint a committee of skilled engineers to examine the river and devise plans for the correction of the mistakes which lave been made The flood it present coming down the Ohio tivet will teach New Orleans in

about a week and Mr. Elseffer says that if another rain occurs within that time the loss of life and property will be upappaling Meeting of the Republican League Clubs NASHVIIIF, Tenn March 4 - Several hundred delegates have airmed to attend the meeting of Republic in League clubs in this a 'j to day A great many more will come on this mornings. trains General Goff of West Virginia is the most notable of the armals so far The convention meets at noon in Amusement Hall President Thurston
